must be practically demonstrated, and time is the great factor to bring about the required result.

If any of our competitors and would-be manufacturers tell you in flaring advertisements we manufacture our own goods and, therefore, sell cheaper than anybody else, ask them the following questions:

1. WHY IS IT THEY NEVER MAKE A SUCCESS IN ESTABLISHING A PERMANENT TRADE P

2. WHAT ARE THEY MOVING THEIR STORES FOR FROM ONE PLACE TO ANOTHER?

3. WHY DON'T THEY STAY WHERE SUCCESS HAS BEEN ACHIEVED?

Customers don't care whether we manufacture our own Clothing or not, as long as we can furnish them with a line of goods superior in fit and general make up at lower figures than any of our competitors.

The steady increase of our business speaks louder than mere words.

## JUST THINK OF IT!

Our Factory and Storehouse is in Chicago!

One of the partners resides in Chicago! All our Clothing is manufactured by us under his per-

sonal supervision! If any bargain is in the market, he is there to secure it! The ready cash is always at his disposal!

We buy our material direct from the producer!

We do not buy for one, but for many stores in large quantities, and thus are certain of the Lowest Price!

We sell direct to the consumer for Cash, and do not contract bad debts which have to be made up large profits! We return the money if Goods do not give satisfaction!

### WHY, OF COURSE, THESE ARE REASONS ENOUGH WHY IT IS THAT WE SELL LOWER THAN ANY OTHER HOUSE.

1. We have demonstrated the fact of our success by a constant increase of our stock, and by the constant envy of our would-be competitors.

2. We have demonstrated the fact of our permanence by increasing the facilities for selling in proportion as the number of our costumers increased, and that we need now so much room and moved to larger quarters, is as much as a beam in the eye of our competitor.

3. We stay where we have made our success, in the building corner of Water and Main streets, in the block, the name of which has become a by-word in every household in the country-"CHEAP CHARLEY'S

4. Although through with No. 1, 2 and 3, we add a 4, and are ready to go on till 13, 14, 15. Now under No. 4 we will explain some of the rules which guide us in business and which added to our success: A-Before all we attend to our own affairs, even so far as to write out our own advertisements-never allow anybody else to do it for us; believing ourselves able to manufacture them, as we manufacture our owr clothing. B-We never allow stock to grow old on our hands, and to enable us to keep it fresh assorted at all time, we must do a certain amount of business. Now if we open a new branch in a town which proves not to be able to secure us that much trade, we move our stock to another place where we do find it. Sometimes we make a mistake in selecting the right town, but that cannot be helped. Among so many good towns in the west must be also some poor ones, like among so many precious good stones, it happens once in the while to find one that is not worth taking notice of.

We defy anybody to falsify the above facts.

I was one of those whose hearts and hopes were given to Grant. [Loud cheers and a few hisses.] I am sorry to hear those hisses, but as I have faced the Ken dawn South I can face the lines. We have been told here to night that we meet the solid South for the last time. But don't congratulate yourselves too soon. The hair that is brown to night will be gray befere you cease to meet a solid South I am acquainted with the men who are to take the census in the South, and they can as easily pack a graveyard in the consus as in the ballot-box. TILDEN'S CONUNDRUMN

Fifth—It Samuel J. Tilden was elected by a majority of the popular vote in 1876, can a Democratic Convention consistently, fairly, and justly give their nomination to any other candidate?

Sixth-Is it not the first duty of the Democratic Convention to rectify the wrong, and to show its abhorrence of the crime committed against the man who in 1876 was elected President? Seventh-With what consistency or

Is there a Democrat who can so far forget what, is due to honor, and fairness, and justice as to follow the example of Rutherford B. Hayes?

Ninth-If Mr. Tilden was elected in Convention assembled, bound to vindicate his right and title to the office by again submitting his name to the suffrages of his fellow citizens?

In the preparation of this remarkable remedy L very herb, plant, and bark is subjected to distillation, whereby the essential medical principle subtained in vapor, condensed and bottled. What remains in the still is inert, valueless, and totally unfit for use in an organism so delicate as the nasal passages. Yet all knowless are insoluble compounded of woody fibre, all tinctures, saturated solutions.

Is a local and constitutional remedy, and Is applied to the usual passages by insuffiction, thus allaying minammation and pain and at once correcting, cleansing, and purifying the secretions. Internally administered, it acts upon the organs of circulative, keeps the skin motat, and noutralizes the acid poison that has found its way into the stomach and thence into the blood. Thus a cure progresses in both directions, and it does not seem possible for human ingenuity to devise a more rational treatment. SURPRISING CURE.

WASHINGTON, D. C., June 16 .- This evening a serenade was tendered Gen. James A. Garfield by the National Veteran Asseciation. The portico of the Riggs House was tastefully decorated with flags and bunting, and the surrounding streets were brilliantly illuminated with calcium lights, while at frequent intervals rockets and other fireworks were set off from the steps of the Treasury Department. As the procession filed past cheers were given for Garfield, and as that gentleman appeared on the platform, accompanied by Attorney General Devens, they were renewed. Gen. Devens in introducing Gen. Garfield, referred to the great Republican Presidents, Lincoln, Grant and Hayes' and each name was greeted with loud cheers. "If," he concluded, "you sought to find an example in one person of the mode in which, by our free civilization, hope is given to the humblest as well as the highest-born to aspire, by lofty aim, by high ambition, by noble prophecies, to the greatest office in your gift, where would you eek it but in James A. Garfield? [Ceeers.] I introduce to you, there-fore a scholar who has found the path of learning no primrose path, but has won his way along by steady industry; a soldier whose shield is unsoiled and whose sword is spotless; a statesman upon whom rests no stain of dishonor; a Christian gentleman, respecting the rights of every man, because he himself is kind, considerate and self-respecting

"THE GREAT BOOM." Eighteen hundred and seventy-nine will long

be remembered as the time when all kinds of business and financial prosperity seemed to spring into new life. Merchants are finding plenty of ready customers for their wares. mechanics meet with ready employment at fair wages, and the farmers are receiving advanced prices for their products, and it is acknowledged by all that in no part of our country are the evidences of prosperity and comfort so marked as along the entire line of the "Old Reliable" Hannibal & St. Joseph Railroad. And to attain these results the management of the Hannibal & St. Joseph Railroad have given their careful thought and attention, and the rapid growth of busi-ness, and increasing wealth of the community along the whole line are evidences that their efforts are fully appreciated. We are, as usual, running in connection with the Chi-cago, Burlington & Quincy Railroad through Day Coaches, Reclining Chairs (free), and Pullman Sleeping Cars from Chicago via Quincy to Missouri river points. Also through Day Coaches from Toledo and Indianapolic, with Pullman Sleeping Cars from Toledo via City Park, for Mrs. Freeman's New banville, Springfield and Quincy, to Kaneas City, Atchison and St. Joseph without change.
